Dear Matt

As you are aware, since April we have twice issued an invitation for you and your colleagues to attend a round table discussion on the Otways issue.

The appropriate Victorian Government officials have confirmed their preparedness to meet and consider any proposals from the environmental movement.

When last we discussed the meeting some weeks ago I confirmed that attendees from my company and government were waiting for you to come back with a suitable meeting time. To date you have advised that your discussions with OREN representatives and others suggested that potentially around four people may participate from the respective environmental bodies.

However, we have not received any confirmation of the date or attendees so at this point in time no meeting date has been scheduled.

We, along with the government, are willing to meet to discuss any reasonable proposals but await your further advice.

Yours sincerely

Peter Crowfoot
